Revision #1
Revision Date: 2/25/25

Sprint 4 Plan

Goal: Refining the product to make it into a final MVP state, focusing more on quality of life features for users, getting rid of bugs, documenting, and ensuring small fixes and additions are complete.

Task Listing:

User story 1: As a user, I want to be able to delete my account so that it does not stay up when I leave Santa Cruz or stop hosting/attending events (1 story point).

- Task 1: Add account deletion button to frontend in *Map.jsx*. (1 hour)
- Task 2: Add deletion endpoint to backend in *app.py*. (1 hour)
- Task 3: Ensure account gets deleted in database through *app.py*. (1 hour)

Total for user story 1: 3 hours

User story 2: As a user, I want to be able to open directions to an event in Google Maps so that I don't get lost (3 story points).

- Task 1: Research Google Maps hyperlink with current API. (1 hour)
- Task 2: Add frontend functionality in *Map.jsx* so that when a user clicks on an event location, it opens up in Google Maps in a new tab. (2 hours)

Total for user story 2: 3 hours

User story 3: As an event organizer, I want to share my event using a link so that other users can access it easier (5 story points).

- Task 1: Add button for generating event sharing link on frontend in *Map.jsx*. (1 hour)
- Task 2: Use JavaScript to generate relevant public link for sharing in *Map.jsx*. (2 hour)

Total for user story 3: 3 hours

User story 4: As a user, I want a way to communicate with the host of the event so that I can reach out with any questions/concerns (3 story points).

- Task 1: Add button for contacting host on frontend in *Map.jsx*. (1 hour)
- Task 2: Add functionality in *Map.jsx* that opens up email draft to host's email with subject line about the relevant event. (1 hour)

Total for user story 4: 2 hours

Team Roles:

Bolor Battulga : Developer
Stanley Good : Project owner {Developer}
Sotirios Kougiouris : Developer

Vince Moreno : Developer

Milad Taimuri : SCRUM master {Developer}

Initial Task Assignment:

Bolor Battulga : UI/UX improvement and bug fixes

Stanley Good : UI/UX improvement, bug fixes, finishing testing, deploying application

Sotirios Kougiouris : User story 2: Tasks 1-2, User story 4: Tasks 1-2

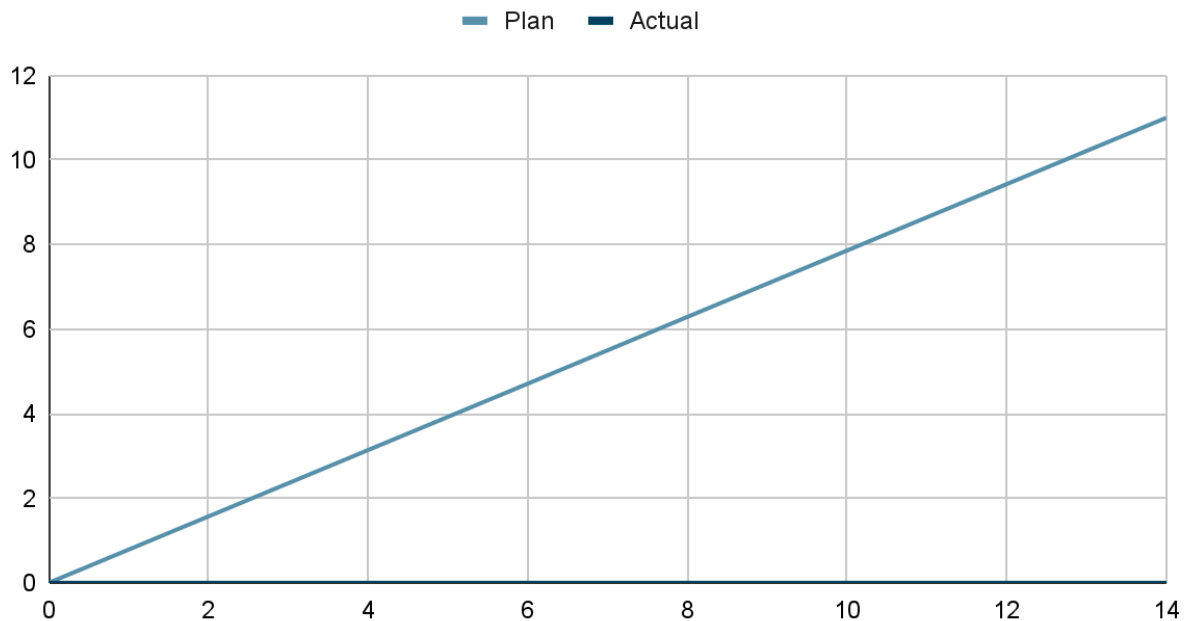

Vince Moreno : UI/UX improvement and bug fixes

Milad Taimuri : UI/UX improvement and bug fixes
